1. Windows and Door Replacement Project: The Board of Management is delighted to announce that it has secured funding from the Department of Education and Skills for a windows and doors replacement project in the school. This is a major project which will take place in the school. It will enhance the safety and security of the school while also improving energy efficiency. The project is at design stage currently and we will keep you posted in relation to developments.
2. Code of Behaviour: The school Code of Behaviour has been revised and an information note will be sent to all families soon to explain the approaches adopted.

Birthday invitations/party bags: It is school policy that invitations/party bags are not distributed within the school. This is to avoid difficulties and to ensure that children with allergies/dietary requirements are not given food that may harm them. We thank you for your co-operation in this matter.
